### PROFILE

Graduating with First Class Honours in BA (Hons) Architecture from Sir John Cass Faculty of Art, Architecture & Design, I'm excited to lay the foundation of my professional career.

My interests vary from small scale live projects to residential or commercial designs, and have a particular affinity for atmospheric architecture. I'm passionate about digital drawing and always keen on experimenting with new mediums and techniques. I like taking on new challenges and as an avid learner, I aim to constantly exceed my limits.
